WORK EXPERIENCE

FRONTEND DEVELOPER (HTML/CSS/ JS)

Freelance – Khmelnytskyi, Ukraine | FEB 2014 - NOV 2015

Development of pixel-perfect, dynamic and responsive Websites, using HTML, CSS, Javascript and jQuery.

ADVERTISING MANAGER

"RIA" media house – Khmelnytskyi, Ukraine | AUG 2012 - AUG 2013

Searching for clients, offer advertising services on radio stations and external advertising media, creation of an advertising campaign, ordering and approving commercials and advertising layouts.

EDUCATION

REDI SCHOOL – REACT

Berlin | FEB 2020 - JUN 2020

In this school I learned advanced topics in Javascript, and such topics in React as: Components, Props, State, Lifecycle, Events Handling, Hooks, Forms etc.

During this course I created two projects: a [Portfolio](#) and a [Restaurant Finder](#).

The [Portfolio](#) was a solo project, done with Javascript, React and SCSS.

The [Restaurant Finder](#) was a team project during which we learned to develop apps with dynamic content. Here we learned how to fetch the data from the API, applied React Routing and Redux. I came up with all the design and styles myself. For the styling I used SCSS.

WTM BERLIN – JAVASCRIPT CRASH COURSE

Berlin | OCT 2019 - NOV 2019

Javascript course with focus on programming paradigms, Node ecosystem, asynchronous programming and using MongoDB as a data storage.

LERNWERKSTATT – WEB DEVELOPMENT FOR ALL

Berlin | MAR 2018 - OCT 2018

Die Lernwerkstatt is a offline learning platform in Berlin. In this eight-month course, I repeated and reinforced my previous knowledge of HTML, CSS and Javascript. At the end of the course I was involved in the development of the online [Lotto game](#).

RU.HEXLET.IO

2017 - 2018

Here I covered deeper understanding of Javascript paradigms, created apps at a more abstract level of JS ecosystem using npm.

At the end of the course I finished the project "Mind Games", which meant creating 6 simple console games

HTMLACADEMY.RU

HTML, CSS | DEC 2013 - FEB 2014

In this intensive course I learned the basic concepts of HTML and CSS and learned how to create simple Websites (there were 3 projects in the course).

MSC IN MARKETING

Khmelnytskyi National University – Khmelnytskyi, Ukraine | 2007 - 2012
